

Imation DataGuard Transport & Storage LTO 26941

Features:

- 2x-4x more G-force shock protection than all other cases.
- Interchangeable, slotted and cushioned protective inserts.
- Press and pull latches help ensure hold upon impact and easy release at the push of a button.
- High visibility yellow color reduces risk of misplacement, loss or theft.
- Foamless inserts help keep cartridges free of dust and debris.
- Each case includes a programmable RFID tag.
- Two case hasps enable use of standard size padlocks or other tamper prevention products to help ensure ultimate protection.
- Cases interlock and stack neatly to conserve space.
- Thermal protection helps protect your data cartridges against fire damage.
- Water resistant case will float and is leak-resistant.
